SKINPEN PRECISION

‘Medical Microneedling’

As the first FDA Approved Device which can only be used by Medics or Highly Qualified Aestheticians, SkinPen Precision is the ultimate Gold Standard in Microneedling - Creating millions of microchannels in the skin, promoting your skin's natural response to ‘heal’ and thus producing Collagen & Elastin and remodelling the skin - Restoring the same amount of Collagen you lose in a year in just ONE session

GOAL: *To treat Fine Lines & Wrinkles, Pigmentation, Enlarged Pores, Acne Scars, Stretch Marks, Surgical Scars*

SINGLE SESSION

£150

Face & Neck - £170 | Post Cooling Mask - £10

All Suspicious Mole/Skin Lesions

MOLE & LESION SCREENING

We are proud to partner with MapMyMole - To bring you our Mole & Lesion Screening service.

If you're worried about a mole/lesion that you're not sure on - We can screen this in-clinic with our Dermatoscope, sending the images/videos directly to our Consultant Dermatologist Dr Toby Nelson, who will send a report directly to your email within 48h, advising what the lesion is and whether it needs further attention.

SCREEN UP TO 3 MOLES/LESIONS PER SESSION

1 LESION - £70

2 LESIONS - £75

3 LESIONS - £80
